one of the irish times books of the year 2008 rebellion partition and a messy peace settlement ensured that ireland was a constant thorn in britain s side after 1916 britain was confronted by the bombs and bullets of militant republicans the clandestine intrigues of foreign powers and the strategic dangers of ireland s wartime neutrality a final irrevocable step in the country s difficult transition to independence using newly opened archives this book reveals for the first time how the british intelligence system responded to these threats it lifts the lid on the underground activities of britain s secret agencies mi5 mi6 sis and the special branch it puts secret intelligence in the context of the government s other sources of information and explores how deep rooted cultural stereotypes distorted intelligence and shaped perceptions and it shows how for decades british intelligence struggled to cope with ireland but then rose to the challenge after 1940 largely because the dublin government began to share its secrets the author casts light on characters long kept in the shadows ira gunrunners bolshevik agitators nazi agents irish loyalists who acted as

british spies his compelling book fills a gap in the history of the british intelligence community and helps explain the twists and turns of anglo irish relations during a time of momentous change paul mcmahon gained his phd from cambridge university

how the irish revolution was shaped by international actors and events the irish war of independence is often understood as the culmination of centuries of political unrest between ireland and the english however the conflict also has a vitally important yet vastly understudied international dimension the irish revolution a global history reassesses the conflict as an inherently transnational event examining how circumstances and individuals abroad shaped the course ireland s struggle for independence bringing together leading international scholars of modern ireland its diaspora and the british empire this volume discusses the irish revolution in a truly global sense the text situates the conflict in the wider context of the international flourishing of anti colonial movements following world war i despite the differences between these movements their proponents communicated extensively with each other learning from and engaging with other revolutionaries in anti imperial metropoles such as paris london and new york the contributors to this volume argue that irish nationalists at home and abroad were intimately involved in this exchange from mobilizing ireland s vast diaspora in support of irish independence to engaging directly with radical causes elsewhere the irish revolution is a vital work for all those interested in irish history providing a new understanding of ireland s place in the evolving postwar world

an account of the events and principals that precipitated the easter rising in dublin and the rebellion s influence on british rule in ireland

before easter 1916 dublin had been a city much like any other british city comparable to bristol or liverpool and part of a complex deep rooted british world many of dublin s inhabitants wanted to weaken or terminate london s rule but there remained a vast and conflicting range of visions of that future far more immediate was the unfolding disaster of the first world war that had put home rule issues on ice for the duration the devastating events of that easter changed everything both the rising itself and even more significantly the ferocious british response ended any sense at all that dublin could be anything other than the capital of an independent country as an entire nation turned away in revulsion from the british artillery and executions as we approach the 90th anniversary of the rebellion it is time for a new account of what really happened over those fateful few days what did the rebels actually hope to achieve what did the british think they were doing and how were the events really interpreted by ordinary people across ireland vivid authoritative and gripping easter 1916 is a major work

ireland s war of independence generated a wealth of published material but very little from a british perspective yet many british servicemen left accounts of their time in ireland from 1918 to 1921 they describe military operations the ira the irish the actions of their own forces morale and relationships with local communities it will surprise irish readers to learn many felt they were winning the war but victory was taken from them by british politicians agreeing to a truce and the treaty likewise raf operations will be news to most as will the fact that so much of the army s time was spent enjoying sporting endeavors others were outspoken in their dislike of war and the campaign secret contacts between the british and the ira and the use and abuse of intelligence are described there is brigadier vinden s strange tale of a drinking session with michael collins and humour in the sending of gaelic speaking highlanders into a public house to eavesdrop in the belief that sinn feiners always spoke irish to each other the author has gone deep into british military archives to unearth these never published accounts supplemented with unpublished photographs from the imperial war museum and the irish national library these accounts not just from famous soldiers like field marshal montgomery and general percival form a landmark oral history

told through the personal experiences of men from across the ranks book jacket

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

a scholarly edition of volume 1 of the earl of clarendon s the history of the rebellion and civil wars in england begun in the year 1641 by william dunn macray the edition presents an authoritative text together with an introduction commentary notes and scholarly apparatus
