this volume offers bracing new translations of two precursors to the modern detective novel by friedrich durrenmatt whose genre bending mysteries recall the work of alain robbe grillet and anticipate the postmodern fictions of paul auster and other contemporary neo noir novelists both mysteries follow inspector barlach as he moves through worlds in which the distinction between crime and justice seems to have vanished in the judge and his hangman barlach forgoes the arrest of a murderer in order to manipulate him into killing another more elusive criminal and in suspicion barlach pursues a former nazi doctor by checking into his clinic with the hope of forcing him to reveal himself the result is two thrillers that bring existential philosophy and the detective genre into dazzling convergence

this book begins with a history of the detective genre coextensive with the novel itself identifying the attitudes and institutions needed for the genre to emerge in its mature form around 1880 the theory of the genre is laid out along with its central theme of the getting and deployment of knowledge sherlock holmes the english classic stories and their inheritors are examined in light of this theme and the balance of two forms of knowledge used in fictional detection cool or rational and warm or emotional the evolution of the genre formula is driven by changes in the social climate in which it is embedded these changes explain the decay of the english classic and its replacement by noir hardboiled and spy stories to end in the cul de sac of the thriller and the nostalgic neo classic possible new forms of the detective story are suggested

inspector barlach has a year to live but he s not going quietly when inspector barlach notices that a successful swiss surgeon bears a striking resemblance to an infamous nazi war criminal a suspicion begins to gnaw away at him could they be one and the same person determined to expose the monster behind the surgeon s mask

the ailing inspector checks himself into the doctor s exclusive clinic but all does not go to plan and soon barlach realizes that he is at the mercy of his own prey will he find a way out before it s too late suspicion is a dark mystery about a dying man s struggle to destroy a wickedness lurking in plain sight friedrich dürrenmatt 1921 1990 was a swiss author and dramatist most famous for his plays the visit and the physicists which earned him a reputation as one of the greatest playwrights in the german language he also wrote four highly regarded crime novels the pledge the judge and his hangman suspicion and the execution of justice all of which will be published by pushkin vertigo

detective fiction and the ghost story is a lively series of case studies celebrating the close relationship between detective fiction and the ghost story it features many of the most famous authors from both genres including conan doyle agatha christie m r james and tony hillerman
